Request: The applicant seeks an annexation, plan of services and rezone for this parcel, located at 6400 Central Pike.

Description/History: This property is approximately 1.72 acres on the south side of Central Pike, west of Pleasant Grove Road. This property is currently zoned Wilson County R-1, and within the City's urban growth boundary. The requested zoning is CMU, commercial mixed use, and the future land use shows this corridor as mixed use. The proposed future use of the property was not specified, but the applicant noted the owner is getting prepared for the forthcoming Central Pike interchange and wants to rezone the property for potential future sale.

Annexation: The property is currently under the jurisdiction of Wilson County, but sits within the City's Urban Growth Boundary, therefore is eligible for annexation.

Zoning: The property is currently zoned Wilson County R-1, single family low density residential, and the applicant has requested CMU, commercial mixed use which is consistent with the land use plan for this area.

Article IV. Establishment of Districts; Provisions for official zoning map

4.105 – Zoning of Annexed territory - *The plan is compliant with the regulations of annexed territory and zoning.*

Summary: The current use of the property as a single-family residence is not intended to immediately change. The owner is preparing for any future potential sale of the property due to the forthcoming Central Pike interchange, due to the location and proximity to the project. This request is consistent with prior adjoining and adjacent neighbors requests along the Central Pike corridor. The zoning is supported by the City's future land use plan.

Recommendation: Staff recommends the Planning Commission make a positive recommendation to the Board of Commissioners for the annexation, plan of services and rezone of 6400 Central Pike, and to include the conditions of approval as shown.
