Peter, a partner with the business is here to represent tonight. They have 9 locations in total. They sell 21 and up products. He and his employees take this very seriously. They will not be selling any product to anyone underage. He asked for suggestions for training to prevent sale to minors. Drugfree Wilco was mentioned by the board. Peter stated that their employee count is sales dependent. They typically have two people on the floor at all times with one single register. Chairperson Pat Scales let him know about horizontal and vertical licenses.

Board Member David Usry questioned Peter about the business license and certificate of occupancy. Board questioned inaccuracies in application. Board asked if they can offer the permit or does it have to be deferred. City Attorney Samantha Burnett stated that it is okay since the permit is to the LLC, dba and the address of the business is on the permit.

Chairperson Pat Scales mentioned violations and frequent checks, and what happens if you do sell to a minor during a check.

Board Member Preston George asked what the start date for the permit is. It would be when the business opens.

Board Member David Usry asked where door faces. Business owner stated it is front facing to Lebanon Rd.

Board discussed deferral to the next meeting to allow for further research on the permit and to see if they have a business license. The board members will ask the applicant to resubmit due to inconsistencies in the application and waive the application fee based on the advice given from City Attorney Burnett. Board advised applicant of all sections that needed updating.

A motion was made by Board Member Usry, seconded by Board Member Muniz, that this Applications be deferred to the Mt. Juliet Alcoholic Beverage Board, on meeting date of 5/13/2025. The motion carried by the following vote:
